020 7806 4081.

www.thecardiacunit.org.uk

Department is open Monday -
Thursday between 9.30am- 8.00pm
and Friday 9am – 6.00pm.

Due to the flexibility of our service referrals may be seen outside of these times. Urgent referrals will always be accommodated at short notice.

We pride ourselves in the quality of our facilities and our professional and caring staff. Over 97% of inpatients questioned rated our nursing staff as good or excellent for their courtesy, efficiency, care and responsiveness. In the latest audit we had zero cases of MRSA.

The Hospital of St John & St Elizabeth

150 years of compassion and excellence

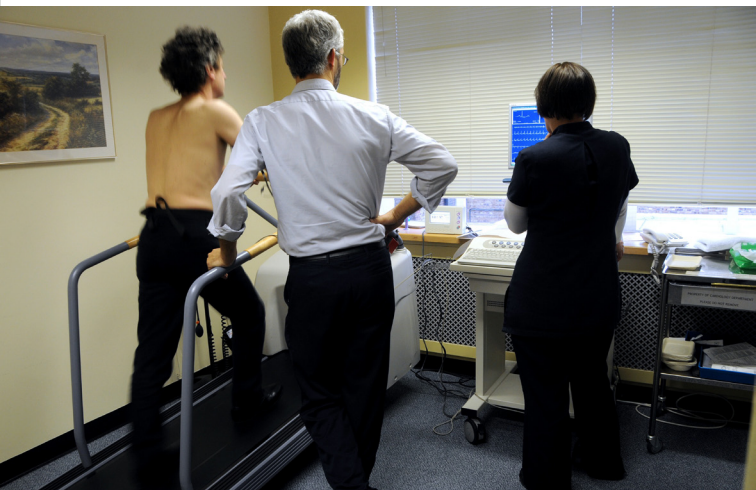

- Our profits help support St John's Hospice, which cares for over 600 terminally ill people every year.

The Hospital of
St John & St Elizabeth

Cardiac Unit

- Comprehensive services provided by a team of highly skilled physiologists
- Fast and accurate reporting and treatment
- Flexible opening hours
- Calm and caring approach
- Relaxed and comfortable surroundings

The Cardiology Department at The Hospital of St John & St Elizabeth offers comprehensive services provided by a team of highly skilled physiologists.

We know just how precious a healthy heart is and that it needs protection from the demands of our modern lifestyles.

We have worked to create a world beating Cardiology Department with a team of highly skilled physiologists who work closely with the Clinical Director of Cardiology.

We provide the very best in technology and knowledge, coupled with a caring and calm approach, backed by the finest nursing staff.

The relaxed and comfortable surroundings reflect the importance of putting our patients at ease and our cardiology team have a calm caring approach.

The reputation of the Cardiology Department is impeccable; with rapid reporting and high standards of care the basis of success. We can provide you with fast and accurate investigations and treatment - we aim to give you test results within 24 hours.

We also operate a rapid access Falls and Black Out Clinic which provides rapid assessment of patients who suffer a fall or blackout. Call us for full details.

Our Cardiac Departments offers a full range of services. Our investigations include:

- 12-Lead Electrocardiogram
- 24/48 hour and 7 days Ambulatory Monitoring
- BP Monitoring
- Exercise Tolerance Tests
- Patient activated recorders
- Echocardiogram
- Echo Bubble Study
- Pacemaker Follow-up
- Implantable Cardioverter Defibrillator (ICD) Follow-up
- Cardioversion
- Reveal Insertion and follow-up

If you have any concerns please don't hesitate to contact us immediately. We are here to help.
